(ALAN PEARSON), owns & will give an easement, if necessary. The Subject Utility
is currently requiring me to pay for a 3" water line extension @ an estimated cost of
\$13000.00 & up for approximately 500 feet long. I CANNOT AFFORD that cost. My
contractor was asked to bond the project fully (\$13000.00) which is unreasonable, I
think. My house is nearly complete and I need a water meter set as near my
property as possible legally.

Wherefore, complainant asks please compel the Garrard Water
Association, Inc. to set a meter & grant permission for me to install a
water service line across 250' of my fathers property to my property.
My father will grant an easement, if required by state law. I need
immediate relief.
